### Newton Massachusetts Chinese School Class Registration for Fall, 2008

Mass. Chinese School is a Saturday school that offers Chinese and other classes to children following their regular school programs. MCCC is well managed with traditions of excellence and experienced teachers.

Learning Chinese is not easy. We know that because children from our families are learning Chinese too. They experienced the same difficulty. It is even more difficult for children from non-Chinese speaking families. So, it is crucial to have a fun and effective learning program and environment where children will happily and effectively learn Chinese language and culture. That is how Massachusetts Chinese School designs its programs.

Massachusetts Chinese School has experienced teachers (Teacher Juiyun Li has over 25 years of teaching experience), fewer students in each class, fun, effective programs, parental involvement, Chinese cultural classes and activities. Especially, MCS has Mandarin Chinese classes and programs specifically designed for students from non Mandarin speaking families, such as students from FCC families and American families. Currently, MCS has nearly 70% students from FCC families. In addition to Chinese classes, MCCC also offers specialties Classes, such as painting, dancing, etc. Moreover, MCS has Mandarin Chinese Classes and Chinese classes for parents.
